

**AMENDMENTS TO THE CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Previously Presented) A herbicidal composition comprising an herbicidally acceptable carrier and an herbicidally active ingredient, wherein the herbicidally active ingredient consists of clove oil and thymol.
2. (CANCELED)
3. (Previously Presented) A herbicidal composition comprising an herbicidally acceptable carrier and an herbicidally active ingredient, wherein the herbicidally active ingredient consists of clove oil and methyl salicylate.
4. (Previously Presented) The herbicidal composition of claim 1, further comprising humic acid.
5. (Previously Presented) The herbicidal composition of claim 3, further comprising humic acid.
6. (Previously Presented) The herbicidal composition of claim 5, further comprising fulvic acid.
7. (Currently Amended) A herbicidal composition comprising an herbicidally acceptable carrier and an herbicidally active ingredient, wherein the herbicidally active ingredient consists of clove oil and thyme oil.
8. (Original) A method for killing weeds and grasses, the method comprising: applying to a weed or a grass the composition of claim 1.
9. (Previously Presented) A method for killing weeds and grasses, the method comprising: applying to a weed or a grass the composition of claim 3.

10. (Original) A method for killing weeds and grasses, the method comprising:  
applying to a weed or a grass the composition of claim 7.
11. (Previously Presented) The herbicidal composition of claim 4 further comprising  
fulvic acid.
12. (Previously Presented) A herbicidal composition comprising an herbicidally  
acceptable carrier, an adjuvant and an herbicidally active ingredient,  
wherein the herbicidally active ingredient consists of clove oil; and  
wherein the adjuvant comprises humic acid.
13. (Previously Presented) The herbicidal composition of claim 12 further  
comprising fulvic acid.
14. (Previously Presented) A method for killing weeds and grasses, the method  
comprising:  
applying to a weed or a grass the composition of claim 12.
